VOLUME FIFTY-SEVEN—NUMBER FORTY-FIVE

GRAYLING, MICHIGAN, THURSDAY, NOV. 28, 1935

P. O. Schumann, Editor and Proprietor.

## Washington Notes and Comments

(By Congressman Roy O. Woodruff)

Professor Raymond Moley, friend and one-time close adviser of President Roosevelt, considered by many to be the man responsible for many of the radical policies of the present Administration, is editor and publisher of the magazine "TODAY." This magazine is owned by Vincent Astor, New York, multi-millionaire on whose pleasure yacht the President of the United States spends many of his vacations in southern waters.

Writing editorially in the last edition of the magazine, Professor Moley caustically referred to the "furtive character of the negotiations" in the Canadian-United States trade treaty recently announced by the President as having been signed by him on the part of the United States, and called attention to the lack of wisdom displayed by the Administration in entering into these treaties, and giving to all nations with whom we have the most favored nations treaties the benefits of every reduction of tariff granted any nation with whom we negotiate such agreements. His editorial goes on to say:

"The furtive character of the negotiations for reciprocal treaties by the United States (of which the Canadian negotiations are the latest example) does not fit well with the liberal protestations of an Administration devoted to the masses of the people."

"Presumably, in a democratic Government, matters affecting great numbers of citizens should be considered and discussed openly."

"Not only was the Canadian treaty consummated without knowledge on the part of the people at large, but its details were kept secret even from persons high in the Administration for days after the treaty had been agreed upon. This secrecy is one of the most unhappy aspects of our reciprocal treaty policy as it is now being administered."

"The other deplorable aspect of our reciprocal treaty policy is that in carrying it out we refuse to depart from the unconditional most-favored-nation principle."

"Reciprocal treaties, if we adhere to the unconditional most-favored-nation principle, are not reciprocal treaties at all; they are general tariff reductions."

"So, conceivably, while we are standing at the open door of our inn warmly welcoming paying guest, a horde of nondescript denizens may be sliding in through the cellar doorway."

The farmers will be especially hard hit by the provisions of this treaty, which contains approximately 33 per cent reductions in duty on cattle weighing 700 pounds or more each, and on calves weighing less than 175 pounds each. The duty on dairy cows weighing 700 pounds or more each, on cream, fresh or sour, cheddar cheese, live poultry, chickens and guineas, dead horses valued at not more than \$150 per head, and various other American farm products, is reduced a third or more.

While the quantity of such products coming into this country from Canada under this treaty is limited, and while perhaps the importation of such amounts as are permitted under the treaty would not be serious if the imports were limited to Canada only, it must not be forgotten that every advantage we have given Canada is also given

## Golden Gloves Boxing Tournament

GRAYLING, DECEMBER 7TH

## Alumni Defeats G. H. S. 26-25

The lid was officially pried off the 1935-36 basketball season Friday night when the Alumni defeated the high school squad 26 to 25.

As a rule Alumni teams are expected to win over high schools. Therefore it was a moral victory for the green-blacks that they came so close to whipping the Alumni.

Borchers, sinking a free throw in the first quarter, has the honor of scoring the high school's first point of the season. Smock registered the first field goal. Although a snappy passing attack was introduced to the Alumni by Coach Cornell's charges, the score at the end of the first quarter was Alumni, 12; Northern Lights, 3.

The second quarter was remarkably different. The green and whites began to play offensive basketball and netted seven points while the opponents collected only two, to bring the score to 14-10 at the half.

Then the Alumni rallied and really began to play ball. They uncorked several passes that resembled a cannon ball in flight. A lot of fancy shooting was displayed by the grads, and led by Art May they raised their score to twenty-five. Meantime the high school warriors were largely on the defensive, getting a point now and then, bringing their total to eighteen.

In the last five seconds of play the high school unleashed a fast break that caught the Alumni completely off-guard, and amidst the excitement of the play, the referee's whistle calling for an out of bounds play was not heard and the winning point was made but did not count.

In a fast and interesting preliminary, the 2nd squad defeated an up and coming team of eight graders. If the second team plays all the games on their schedule as they played this game, they might surprise everyone.

Next Friday night Mr. Cornell takes the squad to Harbor Springs to play a tough quintet there and on the following Friday they play Alpena there. The next home game will be with Kalkaska on Friday, December 13.

## N. Y. CELTICS AT SAGINAW, December 1ST

Play Saginaw Strong Triangles Clinic Added Feature.

A continuation of this policy means of course that the standard of American living will eventually be substantially lowered because the American producer cannot continue to produce for the American market in competition with a flood of foreign imports without reducing the American cost of production, and this of course means reduced wages, reduced purchasing power for our people.

Another un-American characteristic of these treaties is their negotiation without consulting the directly interested parties. The farming and manufacturing industries affected most did not even know that vital changes in the customs duties between the two countries were being given official consideration until the President announced that he had signed such an instrument.

Notifying our farmers and industrialists after the treaty has been signed, sealed and delivered, amounts practically to pronouncing their death sentences without having given the victims an opportunity to be heard in their own defense.

## Winter Sports Committees To Meet

President Roy Trudgen of Grayling Winter Sports Association, Inc., requests all committees to meet and elect its chairman and plan its operations some time before next Monday night.

Following is the list of committees:

**Officers**  
President—Roy Trudgen.  
Vice President—Don Reynolds.  
Secretary—Chas. Moore.  
Treasurer—Wilfred Laurant.

**Committees**

**Executive**—C. J. McNamara, T. P. Peterson, A. J. Nelson.

**Membership**—A. J. Joseph, Clarence Johnson, Geo. VanPatten, Frank Bennett, Fred Welsh, Dr. C. G. Clipper.

**Grounds & Construction**—Roy Milnes, Alex Atkinson, Wilfred Laurant, Grant Thompson, John Deckrow, C. W. Miller.

**Carnival & Reception**—Harold McNeven, Don Reynolds, Don Young, Willard Cornell, Orel (Bladie) Levan, Carl Sherman, Geo. Schroeder.

**Publicity**—Holger Peterson, O. P. Schumann, Dr. C. G. Clipper, Chris Olsen, Wm. Hill.

**Parade**—Holger Peterson, Jesse Schoonover, Geo. Burke, Alfred Hanson, Earl Hewitt.

Immediately after the committees have selected their chairman, they are to report the same to Secretary Charles E. Moore.

On next Monday night the committees are directed to meet at 8:00 o'clock at Shoppenagons Inn dining room, in order to complete plans and set the time for the annual mid-winter car-

ball clinic especially for the coaches and high school and independent team players in this section and will answer any question asked by coach or player after the game.

Last year the Celtics drew the largest crowd ever to witness a basketball game in this city. It's worth the admission price alone to watch the Celtics display their court wizardry that few would believe possible if they didn't see it with their own eyes.

The Celtics will have Van Fassen and Herrick of last year's great Michigan State team. Bob Briggs, one of the outstanding forwards in the state, lanky Russ Knipper, the greatest cager ever turned out locally in addition to an array of former Triangle cage stars. The Triangles frankly state that they are out to beat the Celtics which has been done on few occasions but not very often. Manager H. J. Huebner is of the opinion that his team this year will be strongest in Michigan and to back his belief he booked the best team to open up with.

Popular prices will prevail for this outstanding attraction and reservations may be made by calling the Auditorium box office all day Saturday and Sunday, phone 2-3481. The preliminary is set for 7:30 p. m. while the clinic will start at 8:30 p. m. The Celtic-Triangle game is set for 9 p. m.

**NOTICE**

Tibababo, the height overlooking Barcelona, is the legendary Mount of Temptation. Another mountain nearby is Montserrat, Spain's holy place, where stands the castle of the Holy Grail.

Don't forget to leave your toys at Alfred Hanson's Service Station or at Hanson Hardware for the American Legion to repair and give out at Christmas time to some of the poor kiddies who might not otherwise be fortunate enough to receive any at Christmas time. Let's make them happy.

## Webbs Get Into "Salt and Pepper"

Mr. and Mrs. Edward Webb stopped in St. Johns while on a recent trip to Indianapolis, and had a chat with Schuyler Marshall, editor of the St. Johns Republican-News. Mr. Marshall's comments in his "Salt and Pepper" column about the Webbs will be of interest to their Grayling friends. With the Webbs were Rev. and Mrs. Edgar Flory. The column says:

About 6:00 Monday evening we locked the office door and started for home, wondering what Mother would have for supper and anticipating an evening in an easy chair. Just at that moment an automobile stopped in front. A horn squawked and we thought "why in heck do they wait until everything is locked up?"

Someone in the back seat was calling us by name. In the front seat was a man and woman we never saw before—pleasant looking people. The driver snapped on the interior lights and there in the back seat was Mr. and Mrs. Ed Webb, formerly of St. Johns and now of Grayling.

Surely you remember Ed Webb. Thirty years ago he was in the retail meat business in St. Johns, down in the lower block about where Woodbury's flower store is now, if we remember rightly. More St. Johns people will, however, remember Mr. Webb as the possessor of a remarkably fine tenor voice and the frequent appearances he made with his daughter, Helen, who had an equally fine soprano voice.

Mr. and Mrs. Webb now make their home in Grayling with Helen, who is the wife of a leading physician there, Dr. Clarence G. Clappert. "What in the world are you doing in St. Johns this time in the evening?" we asked the Webbs. "We are on our way to Indianapolis to Lloyd's." Lloyd is a son older than Helen. They then introduced

the other couple the Grayling Methodist minister and his wife.

"I see! I see! You're eloping with that girl beside you and taking the minister right along with you!" we kidded the former St. Johnite. "Say, boy," Ed came back, "You are nearer right than you think. Tomorrow is our fiftieth wedding anniversary and we are going to Lloyd's to celebrate it." That was hard to believe for neither Mr. nor Mrs. Webb look a day over 60. They assured me, however, those were the facts.

"It will be fifty years tomorrow (Tuesday) that Mama and I went down to Ovid and were married. Her name was Iva before I changed it. I'm seventy-seven now. Don't seem possible. Don't feel it." Just then the minister companion interpolated. "You should have heard him sing Sunday in my church." Ed nodded confirmation and Mrs. Webb beamed at her bridegroom. At 77 Ed Webb is still getting much joy out of singing in public—rather a remarkable fact, we thought.

"Remember when you folks and Helen and I used to sing together in church?" Ed asked. "We did. In fact we recall very well the first time when we heard Helen sing—chubby little girl of six or seven with long dark curly hair and big eyes—and what a voice. It seemed almost uncanny that such a small child should have such a wide range of tone and so much volume. Her voice was like that of a healthy girl her 'teens.'

## FORD INVITES YOU TO TRY V-8 ECONOMY ON YOUR OWN FARM

IT STANDS to reason that your neighbor's opinion may not be your opinion. He may tell you his Ford V-8 Truck is the best truck he ever owned. But you may hesitate to rely on his opinion when you buy a truck.

Buying by hearsay is a slipshod method. The **SURE** way . . . the way that is least likely to bring regrets afterwards . . . is to make your own tests. When you have the opportunity of trying a truck right on your own farm, hauling your own loads, running over the same roads you would use if the truck belonged to you . . . you can get a much better idea of what to expect from that truck.

## Camp News

### CAMP HIGGINS LAKE

Enrollees are enjoying a four-day vacation period over Thanksgiving time. Thursday is a legal holiday and Friday is a vacation period because the time was made up some time ago while planting trees in Higgins Lake forest.

Members of the company are to be given their choice of a five-day leave with pay at either Christmas or New Years time, but no enrollee will be entitled to both periods.

A large troupe of colored veterans from Camp Temple CCC entertained the members of Company 672 one evening last week. The program was one of chorus singing, quartette, tap dancing, and stunts with Lieut. Merker of Camp Temple as master of ceremonies. Men of this camp expect to arrange a program and return the visit in the near future.

Thirty-four enrollees have now joined the recently organized club to train for boxing. A daily program of calisthenics, track work, punches and defense is given by the instructor, Lieut. S. H. Cropp. It is the club's ambition to have some entries at the Golden Gloves tournament in Grand Rapids this winter. Rudy Harrison has been named team captain and Carl Harris team manager.

L. B. Merritt, the educational adviser, addressed the Sunday afternoon forum at Camp Temple November 24th. These meetings are proving popular with the colored veterans.

The major purpose of the Social Security act is to encourage the states to enact unemployment insurance laws by equalizing the competitive costs in different states as far as employer contributions are concerned, it was pointed out by Major Howard Starret, state director of the National Reemployment Service, in an interview today.

This is to be accomplished, Major Starret showed, by a payroll tax of one per cent upon employers of eight or more persons which will go into effect on January first in 1936. This payroll tax will be increased to two per cent in 1937 and to three percent in 1938 and thereafter.

"This tax allows a credit up to ninety per cent for contributions paid into the state employment fund," Major Starret said. "Since the federal tax applies to all states, regardless of whether the state has enacted a state unemployment compensation law, Michigan should be one of the first to enact the necessary legislation to take full advantage of this allowable credit."

Major Starret pointed out that the Federal measure does not, except for a few minimum standards prescribe the type of unemployment compensation plan which states must adopt. It does, however, provide a uniform tax, thereby placing industry on the same basis throughout the country and removing the principal obstacle heretofore hindering the enactment of state unemployment compensation laws.

Six standards for allowance of credit against the Federal payroll tax upon employers were mentioned by Major Starret. An employer may credit up to 90 per cent of the federal tax the contributions he must pay to a state unemployment fund provided the state laws meets the following requirements:

1. Payments of unemployment compensation benefits must be made through the public employment offices or other agencies approved by the Social Security Board.

2. Payments of all compensation benefits may not commence until two years after contributions are first made under the law.

3. The state's unemployment compensation fund must be deposited in a special unemployment trust fund of the United States Treasury.

4. The State fund must be used exclusively for the payment of unemployment compensation.

5. Eligible unemployed persons must not be denied unemployment compensation for refusing to accept employment, if their

refusal is due to: (1) strike or lockout. (2) if the wages and conditions of work are less favorable to the employee than those prevailing for similar work in the locality. (3) if the employment would require the person to join a company union or would interfere with his joining membership in a bona fide labor organization.

The state law must provide that no vested rights are created thereby which would prevent modification or repeal of the state law.

"There are numerous reasons for the minimum standards set up by the government," Major Starret said. "Payment of unemployment benefits are to be made through recognized employment exchanges, for the reason that one of the essential conditions for receiving benefits is that the unemployed worker must register at the employment office and accept any suitable employment which is offered him.

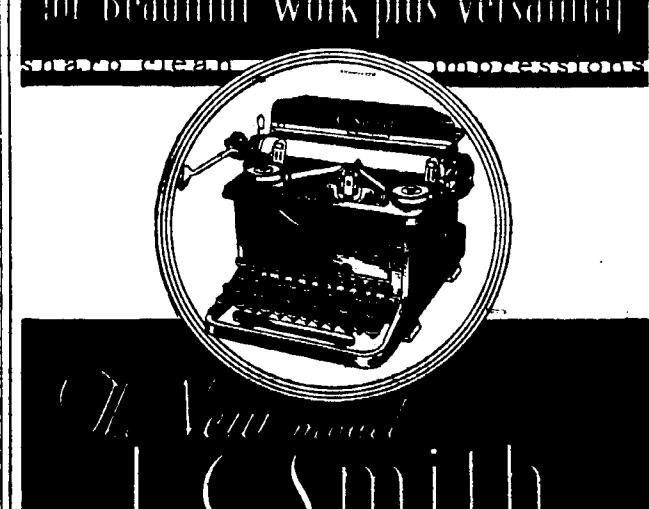

He remains eligible to receive benefits only while unemployed. For that reason it is necessary to build up a well-administered, non-political system of employment offices. In many sections of the country we already have state federal employment offices serving their communities well. These will be the agencies who will, in the future, administer the law and provide a uniform nationwide employment service."

The requirement that the funds be deposited with the unemployment trust fund of the Federal Treasury is designed for two purposes, Major Starret pointed out. First, absolute security and assurance that the funds will be available when needed; and secondly use of the funds to stabilize employment. The investment of unemployment funds is very important. If the investments were thrown on the market and liquidated at the start of a depression, when there is excessive demand upon the unemployment fund, the result would be to increase unemployment and hasten the depression. This is the essential reason for requiring the deposit of the funds with the Federal Treasury.

The National Reemployment Service is a branch of the Department of Labor. In Michigan, besides assigning relief people to work projects it is also finding employment in private industry for approximately 1,500 unemployed weekly. It has branch and itinerant offices in every county in the state.

SAFETY CAMPAIGN**

**RULES ON LIGHTS AND  
EQUIPMENT**

From the study of traffic accident reports it has long been known that nearly one-half of all accidents resulting in death and injury, both in city and country, occur after dark. And, a very great portion of these are directly attributable to faulty lights, one headlight, no tail light or lights too bright or too dim, or no lights at all.

The Michigan Safety and Traffic Directors' Association offers the following digest:

**Equipment—Lights**

Must be turned on one hour after sunset to one hour before sunrise, and at such other times as is necessary to show a person on highway 200 feet ahead of car.

Must have two head lamps on opposite sides and in front of vehicle (except motorcycle, road roller, road machinery or farm tractor). Motorcycles shall have at least one.

Shall not project glaring rays higher than 42 inches 75 feet ahead of the automobile on level road.

When meeting may depress beam or substitute one or more driving lights at distance deemed reasonable and proper. Must show two lights at all times, one on each side of car (except as above).

A red light must be visible 500 feet and illuminate license plate with white light.

All trucks weighing over 2 tons and all tractors, trailers and busses (except in municipalities) shall have 3 green lights mounted over windshield in front and 3 at extreme rear, both front and rear to be mounted parallel to the axle and 6 inches apart.

Bicycles—White light in front and reflex red mirror behind.

All other vehicles must carry a light or lantern showing white light in front and red light in rear visible 500 feet.

Spot lights not more than two and no part of the beam shall be directed to the left of the center of the street or more than 100 feet ahead.

Auxiliary driving lights not more than 2 and not to be attached less than 20 inches from the ground.

Signal lamps must be plainly visible 100 feet in sunlight.

Acetylene headlights permitted.

Parked Vehicles—Shall have at night a lamp showing white light at front and red at rear, visible distance of 200 feet.

**CONSERVATION DEPT. TO  
4-H CLUBS**

Lansing, Nov. 27.—Conservation will become an integral part of the 4-H club program in Michigan this winter.

As a result of a meeting of 4-H club leaders held in East Lansing early this month, it is expected that hundreds of 4-H Clubs, representing every section of the state, will soon start planning conservation projects to be conducted during the winter months.

A committee consisting of club leaders and representatives of the Department of Conservation, is now preparing a list of suggested projects. Among the projects being considered are establishment of winter bird-feeding stations, game surveys, bird protection, forest-fire prevention work, water-power management, deer hunting, collecting deer tally, trapping and cross-country skiing.

Members of 4-H clubs are also encouraged to help rural areas through their 4-H clubs.

Specific descriptions and further particulars upon request.

**STATE NEWS BULLETIN**

**CAR OWNERS TRIP ON NEW  
U. S. RULE**

Many automobile owners and drivers of the state are finding out that the United States post office department is charging an additional fee to cash the money orders sent to Lansing for automobile license plates or operators' licenses, if the orders are drawn on any postoffice but Lansing's.

Under federal postal regulation enacted by Congress June 16, 1934, a graduated system of fees for cashing money orders other than offices of payment, was set up. The fees virtually double the cost of such money orders. The state must charge this fee back to the applicant for license plates or driver's license, denying the application until the added fee is sent. This involves letter writing, more postage, and, in some cases, injured feelings.

The regulation has become particularly noticeable in recent weeks because of two factors: the public agitation for traffic safety, which has impelled thousands to renew their operators' licenses, and improved business, which has spurred the sale of automobile license plates. Many scores of car owners and drivers have sought to save time by sending their applications direct to Orville E. Atwood, Secretary of State, with approval of local examining officers necessary, of course, in the case of operators' license applications. The obstacle is encountered, however, if the enclosed money order is made out, as many of them are, to the Secretary of State, payable in the home city of the applicant. This is especially true in cities having branch offices of the State Department.

The fee for a \$1 order thus carelessly drawn, is six cents; the state has to spend three cents postage to collect it. The average automobile license plate costs \$9.25; the fee in this instance is eleven cents. The state has no recourse, it having no fund from which these fees can be paid legally. Money orders for the Secretary of State should be made payable at Lansing only.

**STATE SEEKS DATA ON AUTO  
CRASHES**

Possibly the most powerful weapon the state of Michigan may ever possess in its war against unfit or dangerous drivers is being built up in steel filing cabinets in the Department of State where a central violations file is being assembled. Reports have been requested from every prosecuting attorney in the state of all convictions for violation of motor vehicle laws, and from every police department in Michigan of all automobile accidents reported to them which result in injury or death.

The ultimate goal of the plan is that the true and complete driving record of every person in the state, licensed to drive or not, shall be available on one card, against which applications for a driver's license can be checked. It is expected that this central violations bureau will be the means of eventually eliminating many dangerous drivers who might never get into serious criminal or civil suits as the result of their mishaps.

The Michigan State Police cooperate fully in building up this file. With complete cooperation of officials throughout the state, it is visualized that if a Detroit man, for example, is involved in a crash in Marquette, for instance, it would be only a matter of routine a few days later, to enter this fact on his card in the central violations file. He would be confronted with his record when he applied for his driver's license. The Secretary of State may refuse to issue these licenses for cause.

**SENATOR VANDENBERG ON  
U. S. PEACE PLANS**

Ann Arbor, Nov. 14.—Broadening the American neutrality policy to "quarantine war," as far as this country is concerned and prevent the "deadly undercutting of international trade and financial complications from leading the nation to take sides with or against any belligerent," was the case in the World War, was urged by Senator Arthur H. Vandenberg, speaking to Michigan editors at the annual meeting of the University Press Club here.

**Steps Already Taken**

Temporary neutrality legislation passed at the last session of Congress, and since emphasized by President Roosevelt and Secretary of State Hull, has set the stage for a new American policy of war avoidance, said Senator Vandenberg.

"First. We do not propose to sell and ship American arms, ammunition and implements of war" to ANY belligerent engaged in war. Thus, at a single stroke, we cut beneath all the fine-spun technocracy which too frequently has sought to give so-called "neutrality" a marketing privilege in war's primary paraphernalia—always hurting the weaker belligerent, and always inviting hatreds which germinate subsequent disaster. At a single stroke, we aim our quarantine at war—all war—itself. Under existing legislation, this rule is mandatory.

"Second. We do not propose if we can help it, to involve the fate of 125,000,000 people in the vicissitudes of American globetrotters who needlessly persist in travelling upon belligerent ships—thus mingling themselves with alien targets—and thus carrying not only themselves but their country into jeopardy. Under existing legislation this rule is not mandatory; but the President's proclamation ratifies these people in that they travel at their own risk."

**Permanent Law Should Go  
Further**

"Logic and consistency" should carry the policy of this country further when permanent legislation is designed at the next session, declared the Senator, citing three proposed provisions.

"First. It is not enough merely to warn Americans that they travel on belligerent ships at their own risk." They should be prohibited from any such travel at all—except when no other

is available when seeking to leave war zones for home. It is impossible, in practice, for them to travel "at their own risk." They cannot actually shed their citizenship. It is indefeasible. The outraged emotions of their fellow citizens, in the event of major calamity, will not stop to assess the niceties of a presidential proclamation which warned them of their temporary expatriation. As a matter of fact, they are not expatriated. Nor should they be. But they SHOULD be told, by force of law, that they have no business needlessly risking their countrymen by needlessly risking their own necks.

"I like to think of the Stars and Stripes protecting every American citizen wherever he may be. But I like also to think it

## News Briefs

THURSDAY, NOV. 28, 1935

Mr. and Mrs. Otto Nelson enjoyed a visit over the week end from Mr. and Mrs. John Yull and twins, of Vanderbilt.

Friends of Mrs. Ole Wium, of Detroit, will be sorry to learn that she is ill at University hospital, Ann Arbor, where she is undergoing an operation for some eye trouble.

There will be election of officers of I.O.O.F. next Tuesday night. All members requested to be present.

Lawrence Smith, of Flint, visited last week at the home of his parents, Mr. and Mrs. J. W. Smith, at Maple Forest.

The Eastern Star will hold installation of officers on Wednesday night, Dec. 4th. Each member may invite a guest.

The Woman's club will give a dance at the club rooms over the Hanson Hardware Saturday night, Nov. 30th. This is given for the benefit of the milk fund and is a very worthy cause. Everybody welcome.

Mrs. Esbern Olson gave an interesting talk on Sunday evening to a group which met at the Michelson Memorial parsonage.

Some of our local hunters are having a hard time to fill their deer license. Lots of does and few bucks is the general report.

On Saturday, Dec. 21st, St. Mary's Altar society will hold a bake sale and bazaar of fancy work suitable for Christmas gifts.

Merton Wright and H. A. Flick left Sunday for Wisconsin on official business with the district reclamation department of the government.

You'll be tired of baking for Thanksgiving, so buy your Sunday baked goods Saturday at St. Mary's bake sale at the Schjotz grocery.

Mr. and Mrs. Leo Jorgenson and daughter Leone have gone to Flint to remain indefinitely. The former has secured employment with the Fisher Body company.

There is probably nobody in Michigan who knows more about Michigan out-of-doors than Ben East. The Kiwanians and their wives will be privileged to hear him next Thursday noon—December 5.

The Camp Fire Girls of Miss Tumath and Mrs. Flory's group, the high school and 6, 7, and 8th grade girls—will meet at the parsonage at 4:15 on Friday afternoon, November 29th. Mrs. Flory will give a talk on "Camp Fire Terms and Symbols."

Some of those local nimrods who never fail to get their buck are Eggin Bugby, who bagged a nice ten-pointer Friday, and Tony Trudeau who filled his license Sunday. Others we have learned of are Herbert Trudeau, George Bielski, S. Dunham, C. H. Hathaway, and Harold Skindley.

A community Thanksgiving Day worship service will be held at 10:30 Thursday at the Michelson Memorial church. Rev. Hans Juhl will give the sermon. Let us remember that Thanksgiving was originally a religious festival. Do we truly observe it, if we neglect the worship service on this day?

Having to go to press a day early because of Thanksgiving, it was necessary to leave out a number of communications. This is disappointing to us as well as to our readers and to these contributors. Our employees, however, are entitled to observe Thanksgiving day in their own way, which is as it should be.

On Thursday evening the district nurses of Mercy Hospital held a meeting and elected the following officers: President, Mrs. Clarice McKay; vice president, Mrs. Muriel Johnson; secretary-treasurer, Miss Irene McKay. Although the night was stormy, there were ten present at the meeting. Luncheon was served. The nurses are arranging to give a "500" and bridge party in the hospital Dec. 10th, to which all is invited. Charges will be 25c per person.

Every Wednesday afternoon after school, children and young people may take out books from the extension library at the Michelson Memorial parsonage. The books are loaned by the Michigan State Library to our extension library for three months during which time they will be circulated among those in Grayling and vicinity who desire them. When the books are returned to Lansing, another list of books is sent for three months. Camp Fire girls are assisting Mrs. Flory with this work.

The reclamation department of the government that has been having headquarters in the court house for more than a year, has moved into new quarters over the Hanson Hardware. The front part has been remodelled and redecorated and the floors varnished. This now is model suite of offices. Merton L. Wright is the project manager and is assisted by H. A. Flick, resettlement supervisor; W. S. Harrison, clerk, and there are five field men who do the appraising. Miss Ruth McNeven and Mrs. Leo Schram are stenographers. There are five rooms, each fully equipped with modern steel office furniture.

We are pleased to report that Mrs. Duane McWilliams of Roscommon and Mrs. Louis Blanchard, Detroit, who were injured in an auto accident last week, are getting along nicely. Also that the assertion by an auto driver who came along soon after the accident, that the women were intoxicated was not true. The women were seriously injured and naturally in a dazed condition, as mentioned in our last week's report, and the person saying that they were intoxicated were, we are glad to report, mistaken. This was verified by the hunters who took them to the hospital, and the doctors who cared for them. Mr. Webber who suffered a severe scalp wound, is convalescing at Camp Higgins.

Mr. and Mrs. Albert Pochehon of Detroit are at their home on the AuSable. Over the week end the whole family was there—Julius, and William, and Mr. and Mrs. (Norma) Charles Wheeler. The young people returned home Sunday. Since that time Mr. Pochehon has been busy setting out pine trees on his place. He and his family have been coming to Grayling for about 20 years and almost each year they have planted pines until now there are many thousands of pines, well developed, growing there. This is their pleasure instead of trout fishing and hunting.

And when they return to the Motor business in Detroit it is their plan to come here to live, said Mr. Pochehon while in town Monday. We are sure that none would be more welcome than this fine couple and their family.

There will be a bake sale at the Schjotz grocery Saturday afternoon, Nov. 30th, given by St. Mary's Altar Society.

Mrs. Edna Whipple was called to Lansing Monday night by the serious illness of her daughter, Jean, who is attending school there.

Miss Behnke of Mt. Clemens was a guest of Dr. and Mrs. C. G. Clippert Monday, while here to speak before the Woman's Club.

We wish to thank the people for their patronage at the Hay Loft this season, and to invite everyone to the closing dance of the season Saturday night.

The Ladies Aid will meet at the home of Mrs. Frank Bond Friday, December 6th. Luncheon will be served from 12:30 to 1:30 p. m. Price 25c. All are invited.

Hugo Schrieber, of the Rainbow Club, is driving a fine new Pontiac Deluxe touring sedan, which he purchased from Schoonover's garage.

Kathleen Kraus cut her arm quite badly when she accidentally shoved it through the window of a glass door at her home Wednesday afternoon. It was necessary for the doctor to take five stitches to close the wound.

Frank Bond, of the High School faculty, was the guest speaker at the Kiwanis club Wednesday.

The subject was on the youth of today.

Mr. Bond has given a lot of study on that important matter and presented it in a very interesting manner. His talk will be published in full in our next week's edition.

Another guest was Ben Wright, publicity director of the East Michigan Tourist association. The latter spoke briefly, offering many good suggestions on winter sports as related to Grayling.

In the electric lamp selling contest staged by the Michigan Public Service Co., Don Reynolds, manager of the local offices, stood 3rd, among the 188 contestants. For his efforts he will receive a 12 pound turkey from the Company, and a weekly favor from the Westinghouse Electric Company.

He stood first in the Cheboygan district and will be the first proud possessor of the special brown jug trophy for defeating Gaylord. His name will be the first to be inscribed on the jug. Don is a fine credit to his Company; is always looking after its interests and also is fine and courteous to the local patrons.

For some reason many people here steer shy of anything that resembles a lecture. But those who heard Dr. Sheets, superintendent of the Traverse City State hospital give his talk Friday night on "mental twists of the mind" and "inferiority complex" should consider themselves fortunate in having done so.

The affair was held at Michelson Memorial church and sponsored by the local Kiwanis Club.

His life work among patients who are mentally ill has given Dr. Sheets

an opportunity to study causes that have a tendency to bring about mental troubles. While a fair-number heard his talk, still we are planning to publish his address in nearly complete form next week for the benefit of those who did not hear him.

The women were seriously injured and naturally in a dazed condition, as mentioned in our last week's report, and the person saying that they were intoxicated were, we are glad to report, mistaken.

This was verified by the hunters who took them to the hospital, and the doctors who cared for them. Mr. Webber who suffered a severe scalp wound, is convalescing at Camp Higgins.

The American Legion sent out a call for dismantled toys that they plan to put into shape for needy children for Christmas. Folks get those toys together and leave them at the Michelson Hardware or Alfred Hanson's, and they'll fix them up like new.

Mrs. James Cameron has received word that her grandson, Owen Cameron Jr., is just recovering from a severe attack of malaria fever. The child's father had the same disease last summer. They are now located at Lilliburn, Missouri.

Mrs. William McNeven is suffering from a broken arm, which she received when she lost her balance and fell while walking down the stairway into the basement of the Michelson Memorial church last Thursday. She was taken to Mercy Hospital to have the arm set, and is getting along nicely at her home.

Bronze chrysanthemums in a silver basket centered the long table at which the guests were served luncheon at the home of Mrs. C. G. Clippert Saturday afternoon. Three tables were filled for Contract, following the luncheon. Mrs. C. A. Miller held high score. Mrs. Frank Bond was a guest of the club and received the guest prize.

Mrs. Sherman Neal was hostess to the "Our Gang" club last Thursday afternoon. Sixteen members answered to roll call and there were also ten guests. Keno was enjoyed and Mrs. Andrew Beck, Mrs. Neal Mathews and Dora Lou Broadbent were winners. Mrs. Mathews won the penny prize. The committee served a delicious lunch, a lovely birthday cake brought by Mrs. Sidney Robarge in honor of the anniversary of Mrs. Elgin Benware being an important part of it.

Capt. Arnold of the Cheboygan Salvation Army says she has resigned and is being transferred to the Salvation Army Children's home in Detroit. She has been coming to Grayling for some time and is quite well known in our business district. She is being succeeded by Lieuts. Elizabeth Betts and Lillian Porter who will continue the work at Cheboygan—which is the headquarters for this district. These young ladies will be coming to Grayling in the interest of the work.

Personal and Social

A. J. Trudeau and Chris Hoessli were in Detroit on business first of the week.

James Snyder of Clare, spent the week end hunting, visiting while here at the John LaMotte home at Beaver Creek.

Mr. and Mrs. Frank Green returned Monday to their home in Hudson and the former took home a nice 8-point buck, so no doubt he will be treating his hometown friends to some nice Thanksgiving.

Mr. and Mrs. Clayton Straehly are enjoying a visit from their daughter, Mrs. Bert LaBean and daughter Marjorie, of Roscommon, who will remain until after Thanksgiving.

Mr. and Mrs. Harry Gibbs and daughter Sandra Jean left today to visit at Flint over the weekend. The former's parents, Mr. and Mrs. Harry Gibbs Sr., came to accompany them there.

Jesse Smith, Mr. and Mrs. Clyde Gilbert and Mr. and Mrs. James Blake, visited old friends here over the week end, returning to their home in Detroit after being encamped at Guthrie Lake for the deer season.

Charles Knibbs of Kalamazoo, together with a party of friends, visited Sunday at the home of his sister, Mrs. Earl Marshall, returning home from a hunting trip to Guthrie Lake.

Alfred Borchers returned, Friday, to Camp Norrie, having been called here by the illness of his mother, Mrs. Henry Borchers, who fractured three ribs in a fall recently.

Mr. and Mrs. Frank Lydell entertained last week end, Mr. and Mrs. Charles Adams, son Charles Jr. and daughter Greta Mae, of Mackinaw City. Saturday evening Mrs. Adams and children left for Detroit owing to her sister being ill. Mr. Adams returned to his home, Sunday.

### WHOOPING COUGH

Miss Ober, district health nurse says:

There is at least one case of whooping cough in town, and several children have suspicious sounding coughs. There are many cases in Houghton Lake and it is widespread in Roscommon.

Whooping cough is one of the dread diseases of childhood. It is the second cause of death in children under two years of age, and many cases of defective eyesight and heart trouble are thought to be caused by it.

**"Pop Meeting"**

The Junior class sponsored the first "Pop" meeting of this year, with a very amusing and unusual program.

The recently organized Cheer Leader's club made a happy appearance. Their members are: Blanche Wheeler, Ross Newell, Monica Hewitt, Frances Entminger, Noami Wheeler, Jerome Peterson, and Norma Griffith.

After a few words from Miss Peeks, Junior Class advisor, a short and humorous program was given by the Juniors and the cheer leaders.

Mr. Cornell, basketball coach, said a few words and then presented the first squad members to the audience.

Then, after a few yells everyone, led by the cheer leaders, snake-danced from the assembly room down into the gym where we had a few more yells and songs.

**Subscription Campaign Ends**

The Navy, headed by Max Ferguson, was the winner of the Juniors' subscription campaign, over the Army, led by Evelyn Skingley.

The Navy sold 15 subscriptions while the Army totaled 8.

The losing team will treat the winning team to a party, sometime after Thanksgiving vacation.

**Juniors Working On Play**

The Juniors are very busy working on their class play, "Meet Uncle Sally," which will be given Dec. 17 at 8:00 p.m. in the high school auditorium.

Don't forget that this play is a 3-act comedy, full of jokes which will send the audience into spasms of laughter.

You'll never regret that you saw this play but you will regret if you miss it.

Get your ticket now, also reserved seats which may be secured at Olsen's Drug store. Admission: children 10¢; adults 25¢.

**Lab Tabs**

Again term examinations are over and the laboratory is back on schedule. Students who had missed school were given the opportunity of making up back work and most everyone is starting on the last leg of the first semester with a clean slate.

The new term finds the Physics classes studying and experimenting with forces and how they act together. When a body is forced in motion not all the force exerted is used in pushing or pulling that body on a straight line. To discover what happens to the "lost" energy is the aim of the classes.

The Relationships and Interrelationships of living things is the next topic for the Biology classes. Starting with the lowest types of plants and animals and following up the ladder to the highest types, a careful study will be made of the groups that make up the phylum of the world.

Science finds the boys studying methods of ventilation, the reason for it and the effects of good and bad use of it.

**Boy Scout Doings**

Due to term examinations the regular meeting night was missed last week.

In the near future a Court of Honor will be held. This court is held for the purpose of presenting scouts, who have advanced from one class to another, with their respective badges. There are about ten scouts ready for this occasion and they are looking forward to it with much anticipation.

**Jokes**

Jack McClain—Yes, I know fish is brain food, but I don't care so much for fish. Isn't there some other brain food?

Mr. Bond—Well, there's noodle soup.

Donna Griffith—Aren't ants busy little things? They work all the time and never play.

Evelyn Skingley—Oh, I don't know, they attend an awful lot of picnics.

Eva Swanson—What would you do if you woke up and smelled smoke?

Homer King—I'd go back to sleep. I don't like toast.

Mr. Cornell—You seem to have a bad cold today Smock, what are you doing for it?

Donnie—Today I'm doing what Borchers told me to do. It's Jesus day tomorrow and the next in Leviticus. If I'm not better by Sunday and if I'm still alive, I will try your remedy. Will you please put it on your memo pad?

Judge—You admit you drove over this man with a loaded truck?

Bill McRae—Yea, your honor. Judge—and what have you to say in your defense?

Bill—I didn't know it was loaded.

Mr. Roberts—Nonsense, I wish you wouldn't waste all your words.

Forrest—I wasn't working, sir.

**10 Points**

Mr. Roberts—You can't win.

Forrest—To answer all other points in this case, I am sorry.

**Patients at present are:**  
Mrs. Gertrude Marx, of Prudenville.

E. T. Hatch, of Muskegon Heights.

Robert Bailey of Honor, Mich. Walter Adamski of Wyandotte.

Those who have been dismissed this week:

Mrs. Helen McWilliams, of Roscommon.

Mrs. Clifford Knibbs, of Fredonia.

**KIWANIANS TO HEAR BEN EAST**

Ben East, of Grand Rapids, outdoor editor for the Booth newspapers, among which is the Bay City Daily Times, will be guest speaker at the Kiwanis Club next Thursday noon.

The meeting time is changed from Wednesday noon, the usual meeting time, to the following day in order to accommodate Mr. East's open speaking dates.

Here is a treat that every member should hear. Mr. East is a former speaker, and he knows Michigan just a little better than almost any other man in the state. Those who heard him at the E. M. T. meeting at Bay City last month are enthusiastic to hear him again.

Let every member be there next Thursday, 12:05 noon, at Shoppenagons Inn.

**RED CROSS REPORTS  
BUSY YEAR AIDING  
DISASTER VICTIMS**

**Tornadoes, Fires, Hurricanes,  
Floods, Epidemics, Make  
Record of Year**

The American Red Cross assisted sufferers in more disasters throughout the United States during the year ending June 30, 1935, than through any similar period in the peace-time history of the organization. Admiral Cary T. Grayson, chairman, revealed recently in commenting on the annual report which has just been released.

"The 128 domestic disasters in which the Red Cross extended aid during the fiscal year exceeded by 56 per cent the average over the past few years," Admiral Grayson said.

"Not only was the period heavy in

the number of disasters, but the geographical distribution was wide,

with 37 States and 335 counties affected.

"Through these disasters and times of community distress, the Red Cross assisted 110,000 persons."

Spectacular service was rendered

in many disasters because of the uniqueness of the problems and the far-flung points affected. The work of the National organization covered in the report carries stories of the Morro Castle burning; the trench-mouth epidemic in the beautiful San Luis Valley of Colorado; the great fight over a wide front in the midwest dust bowl against respiratory diseases; floods, hurricanes, and tornadoes in many sections of the United States.

In addition to the disasters taking place within the continental limits of this country, Admiral Grayson pointed out that work had been made necessary by disasters in Hawaii, Puerto Rico, and the Philippines, where 26 disasters were recorded in that archipelago. The American Society also assisted the Red Cross of two foreign countries in caring for victims of floods and earthquakes.

The variation of types of disasters called for expert council on matters relating to health and nutrition as well as epidemic prevention. Last year's work proved the value of the structure and administration of the Red Cross disaster relief, the Admiral said, the very frequency of occurrence and the variety of types constituting a severe test of the organization chartered by Congress to handle this type of National relief.

Expenditures of the Red Cross for relief of persons stricken by disasters within the continental United States amounted to \$464,413. In addition, \$75,000 was sent to the Philippines to assist them in three major relief operations necessitated by typhoons, \$5,000 went to victims of the Indian earthquake, and \$5,000 to Poland for victims of severe floods. A number of smaller foreign emergencies called for sums totaling \$2,500.

The months of February, March, April, May and June were heaviest for tornado disasters. Floods occurred throughout the year. Serious fires calling for Red Cross assistance took place during July and December. A devastating explosion took place in Tennessee during April. Most of the hurricanes struck States along the east coast during the fall and early winter.

"All of this assistance to persons in distress," Admiral Grayson pointed out, "was only possible through generous contributions made by citizens in all sections of the country."

Most of this support of the disaster relief service comes from the annual Bell Call held each year from Armistice Day to Thanksgiving Day.
